

CONVEYOR EASE

ConveyorEase is available in 10ft long x 15in wide units.
Weighing only 130 lbs, it can be fitted with either a smooth belt or a cleated belt.
It's easy to use with the homeowner or handyman in mind.

Smooth Belt is ideal for moving materials
on a level surface.
ConveyorEase with a smooth belt - \$2,790.00

Item# MSI-ConveyorEaseP
ConveyorEase fitted with a smooth belt

Cleated Belt can be beneficial when moving
loose materials or when operating at an incline.
ConveyorEase with a 1" cleated belt - \$2,970.00

Item# MSI-ConveyorEaseC
ConveyorEase fitted with a 1" cleated belt

Handloading Hopper can be helpful when loading
loose material.
powder coated steel handloading hopper - \$749.00/ea

Handloading Hopper

Two 10ft Side
Extensions cover

when not using a
Handloading Hopper

Side Extensions can be added to help contain loose
materials. A pair of 10ft side extensions will cover the
entire length of your conveyor. If using a handloading hopper, adding
a pair of 6.5ft side extensions will cover the length of the conveyor.
10ft powder coated steel side extensions - \$598.00/pair
6.5ft powder coated steel side extensions - \$536.00/pair
